from the *World Population 2010 Wall Chart*

United Nations
Department of Economic and Social Affairs (DESA)
Population Division

Total population by major area

Increase of total population by major area

Percentage distribution of population by major area

Median age of population

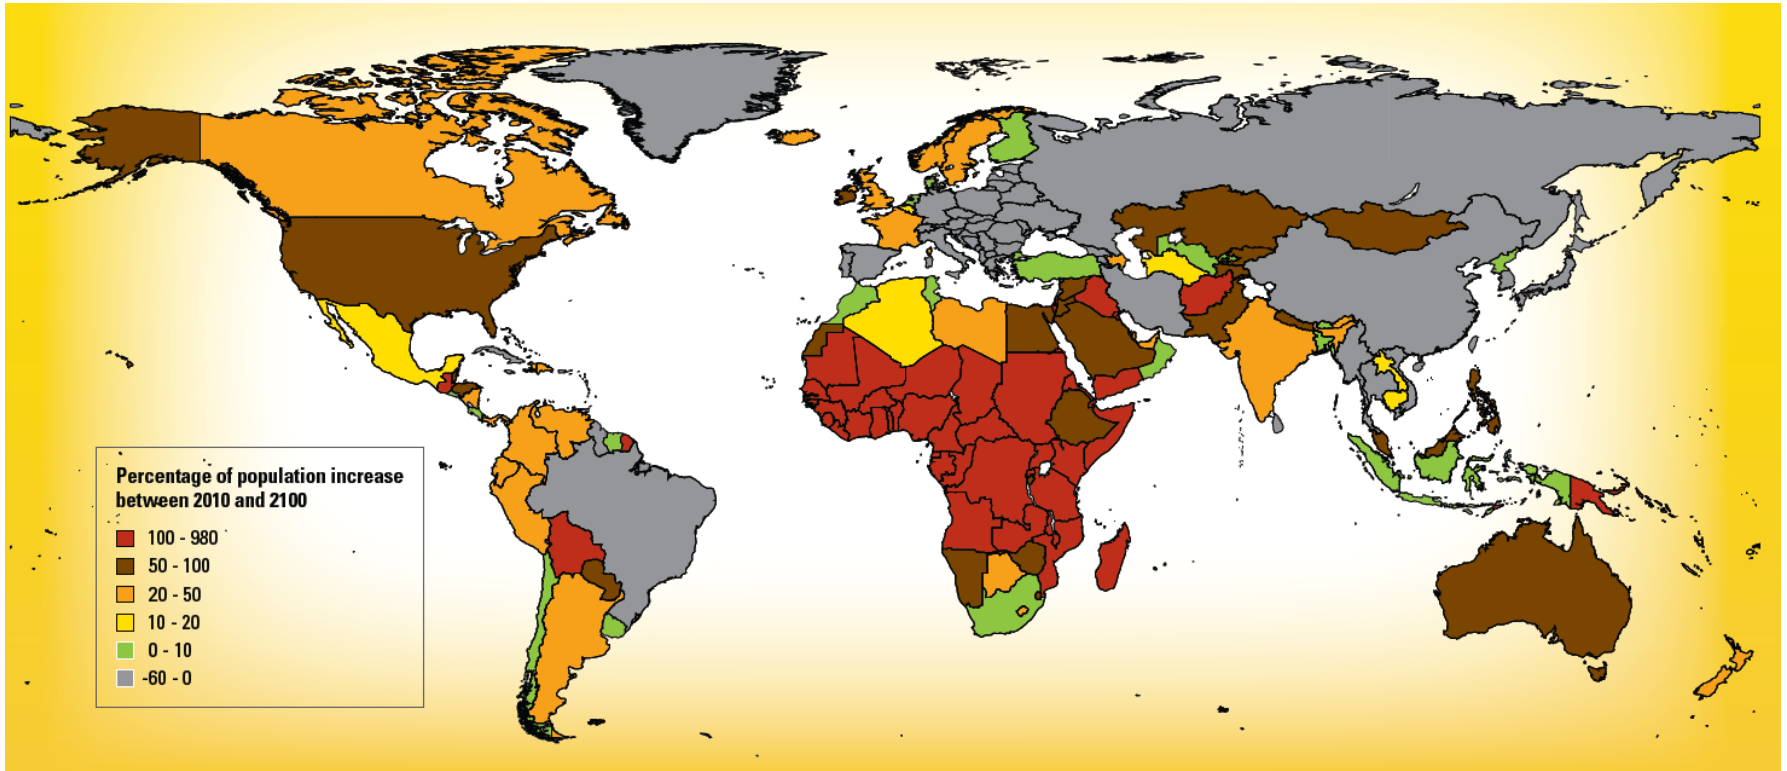

Percentage of population younger than 15 by major area

Percentage of population older than 65 by major area

The designations employed in this publication and the material presented in it do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. The term “country” as used in the text of this report also refers, as appropriate, to territories or areas. The designations “more developed”, “less developed” and “least developed” countries, areas or regions are intended for statistical convenience and do not necessarily express a judgement about the stage reached by a particular country or area in the developing process.

The figures presented are from the medium variant of the *World Population Prospects: The 2010 Revision*, the official United Nations population estimates and projections prepared by the United Nations Population Division. Data are also available in digital form and can be consulted at the Population Division’s web site at www.unpopulation.org. Users requiring the complete results of the *2010 Revision* can purchase them on CD-ROM. A description of the data contained in the different CD-ROMs available and an order form are posted on the web site of the Population Division.
